Product management leader with 12+ years' experience in B2B SaaS, FinTech, Payment Solutions, and Customer Experience. I have a proven track record of leading cross-functional teams to deliver innovative products that meet market demands. My expertise spans the full product lifecycle, from strategic planning and roadmap development to execution, launch, and post-launch optimization.

EXPERIENCE

Product Management

Square
San Francisco

Nov 2022 - Present

Staff Product Manager

Product lead for Square Payments and Checkout (Android and iOS)

- **Increased merchant checkout success rate by 1%, leading to a XXM increase in monthly volume.** Improved the offline payments workflow to drive increased payments volume during merchant and/or Square outages.

Product lead for Dashboard App (Android and iOS)

- **Increased app downloads by 50%.** Ran growth campaigns, including in-product notifications, targeted and sales-led outreach, to drive downloads.
- **Built mobile sales and employee reporting capabilities**. Worked with customers (restaurants, bars, and retail stores) to identify key reporting and workflow gaps that were causing customers to switch to the desktop experience to better understand their business

Product lead for Square's onboarding and setup experience

- **Increased Sales Accepted Leads (SALs) by 21% and Win Rates by 56%.** Designed a self-service onboarding experience that identified "high value" customers and routed them to sales representatives.
- **Increased onboarding conversion rates by 6% using Generative AI.** Simplified the onboarding flow, by shifting from 20+ static questions into a single free-form text box. Customers can describe their business using natural language and, using Open AIs GPT-4 LLM, they are matched with the most relevant solution for their needs.
